

# NOSHR.

A Theatre Snacks ordering App

Date: 23rd Jan 2022

# Mood-board

## Project Description :

NoshR was a personal project,

NoshR is a theatre snacks ordering application.

Where the audience can sit in their seats and order food right from where they're and the food will be delivered to the seats by the in-house staff.

The colour palette has to be dim and at the same time have the vibe of the luxury-ness of the theatres

The project was mainly focused for the movie theatres.
